Cars

Gear Up With Great Bonus Features!

Mater And The Ghostlight

Mischievous Mater likes to sneak up, honk his horn and spook his friends for laughs, but the lovable prankster changes his tune once he hears the story of "The Ghostlight." So ride along with Mater as he learns it's not what you can see that'll scare you, it's what you can't see, but wanna see, but wish you hadn't seen, if it really was there after all, that is. Anyway, enjoy the fun in this all-new exclusive animated short film.

One Man Band

With just one coin to make a wish at a fountain, a peasant girl named Tippy encounters two street musicians competing for her money. It's musical mayhem as the little girl gets caught between dueling one man bands in this highly acclaimed short film.

Inspiration For *Cars*

Join *Cars*' creator John Lasseter as he shares his personal video footage and insights into the many inspirations behind the film. From the blazing speed of the racetrack to the slow lane of historic Route 66, John offers a firsthand account of how he discovered that life's not about the destination; it's about the journey.
